**Invitation youth exchange
Fit For Future in Chemnitz
26th June – 6th July
EU-Program YOUTH IN ACTION**

Dear Mr. Robu,

As the project leader of the youth exchange *Fit For Future* I'm proud to invite the City of Timisoara as a project partner and a group of five young Romanian under the lead of Mr. Ovidiu Simonetti to visit us in Chemnitz.

The youth exchange *Fit For Future* is a project of the European program YOUTH IN ACTION and takes place from 26th June to 6th July in Chemnitz. The first and the last day are for arrival and departure.

The company solaris FZU gGmbH Sachsen is the leader of the project and in this position also responsible for the reimbursement of travel costs. For the Romanian group there is a total amount of 3.000,00€ to finance the travel costs. The general funding of these travel costs are 70%. So we're able to refund a maximum of 2.100,00€. If the travel costs are below the maximum amount we still can only refund 70% which means that 30% of the travel costs has to be paid by the participants or our project partners in any way. The project leader is not able to finance the costs for a busdriver who is not taking part as a participant or team leader. This includes the costs of accommodation and catering. These costs have to be covered by you.

The solaris FZU is in charge for accommodation and catering of the five participants and their team leader. There are no additional costs.

There are no special requirements for the Romanian participants except the construction of a solar mobile to take part at our annual solaris competition of solar mobiles.

We are proud to have the City of Timisoara as a European project partner and we are looking forward to welcome Mr. Simonetti and a group of five young Romanian in Chemnitz. This should be a good starting point for follow up projects with a good working partnership between Timisoara and Chemnitz.

With the best regards

Chemnitz, 05.06.2013
